Who We Are

**More than
just a distillery**

Welcome to Destileria Barako—where Filipino heritage and innovation come together to create world-class craft spirits inspired by the flavors of the Philippines.

Founded in 2016 by an award-winning Australian distiller and a Filipino master mixologist, Destileria Barako combines modern distillation techniques with indigenous, locally sourced ingredients to craft distinctive spirits with authentic Filipino character.

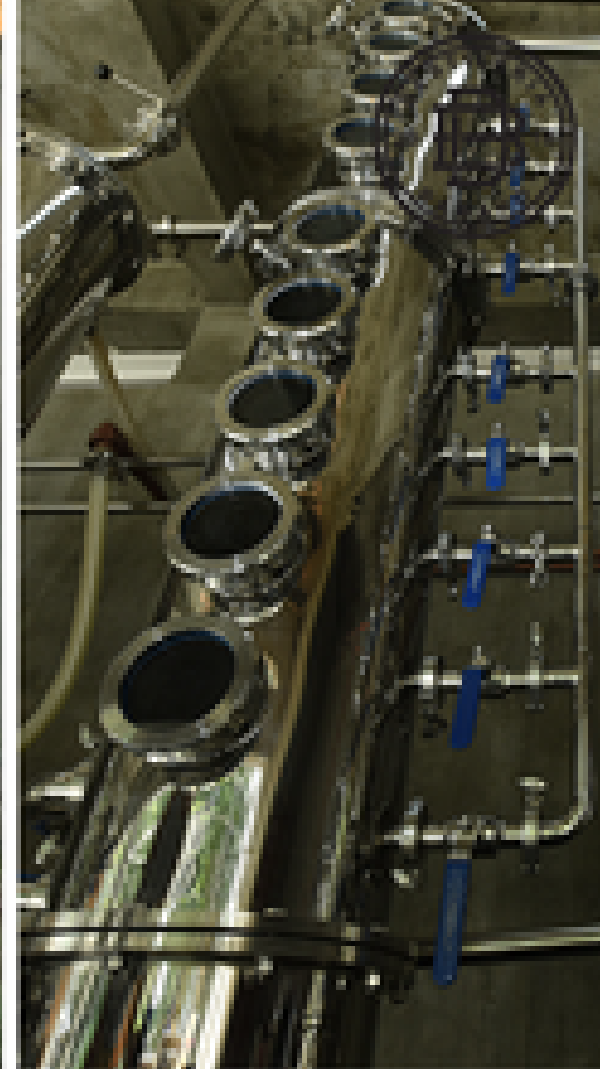

Today, our award-winning portfolio showcases unique flavors, compelling cultural stories, and a commitment to sustainability through zero-waste production and partnerships with farming communities across the Philippines.

Every bottle reflects our mission to elevate Filipino craftsmanship and bring the spirit of the Philippines to the world.

MALAY DISTILLERY

Nestled within Malay, Aklan is our main distillery which crafts traditional Philippine ingredients into Destileria Barako's internationally awarded small batch products. Our facility utilizes cutting-edge technology and international innovation all fully licensed and certified by FDA to meet local and international operation and export standards.

20% Alc Lvl

Kanto Salted Caramel Vodka is inspired by the Filipino tradition of *tagayan*—the shared ritual of gathering, connecting, and celebrating over a drink. Crafted from premium sugarcane vodka sourced from Negros, blended with rich muscovado sugar and a touch of sea salt, it delivers a smooth, indulgent balance of sweetness and complexity.

Designed for both sipping and cocktails, Kanto embodies the warmth, generosity, and convivial spirit that define Filipino hospitality.

A modern Filipino expression crafted to bring people together and create memorable moments, wherever they are in the world.

40% Alc Lvl

Agimat at Ugat Vodka is a premium craft vodka distilled from fresh Bacoled sugarcane, one of the Philippines' most celebrated agricultural treasures.

Produced in the country's largest craft fractional distillation column and refined through multiple stages of coconut charcoal filtration using Mindoro coconut husks, it achieves exceptional purity, clarity, and smoothness. The result is a clean, refined vodka that showcases the quality of Philippine ingredients and the precision of modern Filipino distilling.

Proudly crafted in the Philippines for discerning consumers around the world.
