ABOUT US

Established in 2017, Backspacer Records is an independent record store and music label based in Pasig City, Philippines.

As a record label, Backspacer Records partners with independent artists to produce Original Pilipino Music (OPM) in physical formats - vinyl, CDs, and cassettes. Backspacer Records is also a trusted partner of major local and international record labels to manufacture records for their artists.

As a record store, Backspacer Records serves as an official distributor of re-issues and new albums from all artists - independent and from local labels, as well as curated international releases. Our store is located in Kapitolyo, Pasig, and we cover worldwide orders through our website, www.backspacerrecords.com.

Backspacer Records (IPO registered trade name: Backspacer Trading) is a proud member of the Philippine Association of Record Industry (PARI) and have licenses from the Optical Media Board (OMB), import license from the Bureau of Customs (BOC), and licenses to operate business from the city of Pasig, Bureau of Internal Revenue (BIR), and the Department of Trade and Industry (DTI).

PURPOSE: PHYSICAL MUSIC

We create and curate physical music experiences people can discover, hold, and collect by connecting to artists, labels, and fans.

VISION: CULTURAL HOME + GLOBAL REACH

We are the home and leading platform for Filipino physical music culture, where artists and labels create timeless releases, and fans around the world discover and collect music rooted in Filipino culture and connected to the global scene.

MISSION: PRODUCE + CURATE + SELL + SUPPORT

We produce, curate, and sell physical music releases while supporting artists, labels, and the broader music community - connecting them with fans and keeping music culture alive beyond streaming.
