

CAROUSEL CASUALTIES

artist bio

What started in a 16 sqm bedroom has grown into one of Manila’s more distinct indie acts. Carousel Casualties broke into the scene with their 2017 debut EP *Madison*, featuring “Leona,” “Safety,” and “San Junipero,” and earned an Awit Award nomination for Best Rock Arrangement in 2019. This drove them to push their sound further with their 2021 debut album, *Static Electricity Dreams of Longevity*.

Hitting the ground running, the band returned in 2024 with “hindi ko alam,” “bakasyon,” “malinaw,” and “ano ba talaga?,” leading up to their sophomore album, *cattleya*, set to be released in October 2026. “hindi ko alam” was also named RX 93.1’s “Sleeper Track of the Year.”

Now, Emmie, Pau, Ryan, and Tep continue to evolve and are making bigger noise than ever.
